

MURMU SOFTWARE INFOTECH

About Us–

Murmu Software Infotech is a leading IT company offering cutting-edge software solutions, mobile app development, website design, digital marketing, and web & app development services. We help businesses grow with innovative, reliable, and scalable digital solutions tailored to their needs. At Murmu Software Infotech, we specialize in providing innovative digital solutions tailored for retail businesses. From dynamic e-commerce websites and custom retail apps to secure payment integration and SEO-driven growth strategies — we help you transform your retail store into a thriving online business. Based in Ranchi, we are committed to empowering retailers with scalable, efficient, and customer-friendly technology solutions.

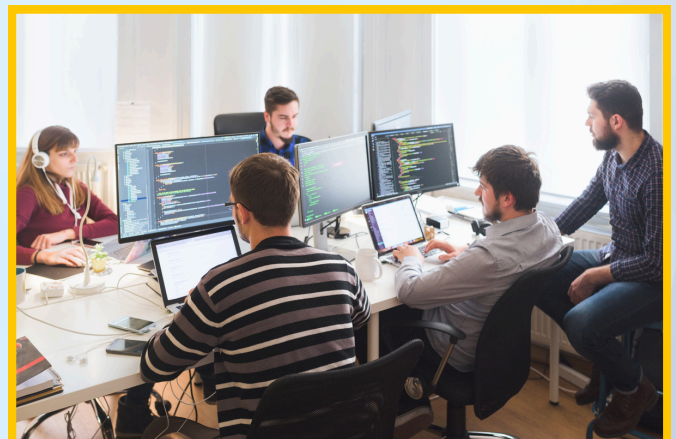

Sitecore CMS Development & Support

We offer expert Sitecore CMS development and ongoing support services to help businesses build powerful, scalable, and personalized digital experiences. Our team ensures seamless integration, custom module development, performance optimization, and 24/7 maintenance support for a high-performing, user-friendly Sitecore platform.

24/7
SERVICE

With a team of certified developers

- 👉 MVPs, and Sitecore experts
- 👉 we help businesses build scalable, enterprise-grade digital experiences using the full power of Sitecore CMS.
- 👉 Whether it's a custom API or a full-featured admin dashboard backend — we deliver reliability, speed, and modularity.

We specialize in Sitecore

- 👉 XM, XP, SXA, JSS, and the next-gen Sitecore XM Cloud.
- 👉 Whether you're planning a traditional Sitecore implementation or a modern headless architecture — we've got you covered.

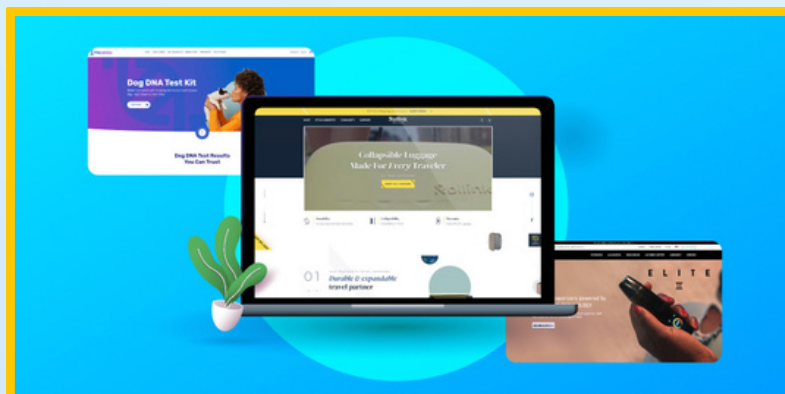

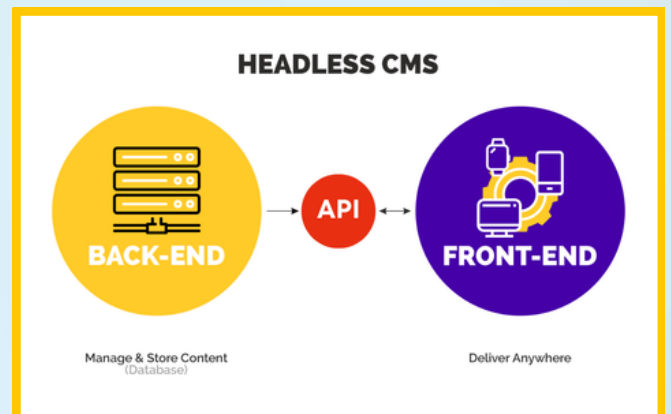

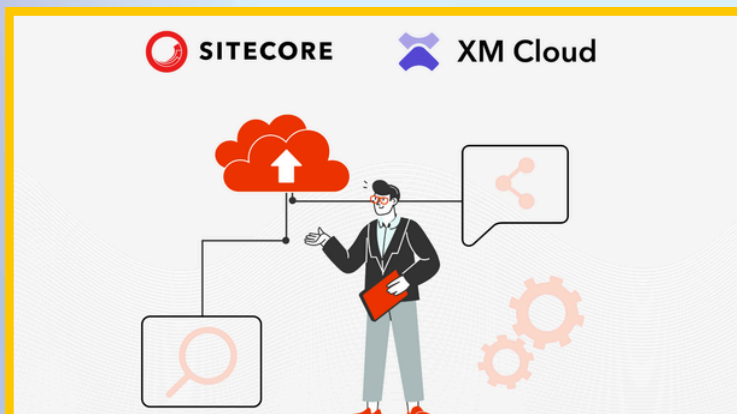

XM Cloud

Till now, we've successfully delivered:

- 👉 Over 6 full-scale Sitecore XP & XM projects
- 👉 8+ micro websites using Sitecore SXA
- 👉 2 Sitecore JSS headless projects, and
- 👉 2 cutting-edge XM Cloud implementations

Our developers are highly Skilled in

- ☞ SXA-based rapid development — using drag-and-drop components
- ☞ custom themes, and both out-of-the-box and custom renderings for fast and efficient delivery.
- ☞ Our team has deep expertise in Sitecore JSS and XM Cloud
- ☞ building high-performance, headless applications deployed on platforms like Vercel, Netlify, and XM Cloud Deploy
- ☞ We follow modern DevOps practices — using CI/CD pipelines, GitHub Actions, Azure DevOps, and Docker containers to streamline development and deployment workflows.
- ☞ Our Sitecore experts also provide reliable maintenance, code optimization, and development support for your existing Sitecore websites.
